

# SPEECH WORKOUT

Exercising your vocal skills

## Speech Exercise

**Ama:** Ahmed, how is your day going?

**Ahmed:** I don't know. Things are not going too well.

**Ama:** Ah, but what is wrong?

**Ahmed:** Well, my school fees are due. The Landlord says I must pay this week or move out and my mother's surgery has been delayed due to lack of funds!

**Ama:** Oh, sorry. I wish I could help. Ummhhhhh ... let me ask ... I'm not sure but let me ask my uncle and see what he can do.

**Ahmed:** I've lost hope.

**Ama:** Don't lose hope. Everything will be fine.

## **Public Speaking for Pupils**

When you buy clothes for your children, they will eventually outgrow them. If you buy them toys, the toys may get misplaced or broken. However, when you invest in the development of your child's confidence and Public Speaking skills, the skillset stays with them for life! At a fraction of what we charge in Lagos, Accra and Birmingham, the Royal Centre for Public Speaking is bringing "Public Speaking for Pupils" to Nsukka. Click on the following link to obtain the details and sign up your child.
